

LANGMEAD CONSTRUCTION H&S POLICY STATEMENT.

Langmead Construction Ltd will comply with its legal duties in order to provide a safe and healthy working environment for its operatives and others affected by its activities. It will take positive action to ensure that other contractors' employees, occupiers of premises and members of the public do not have their health and safety adversely affected by the work operations of its operatives. The only acceptable standard of health and safety, and for welfare facilities, will be full and proper compliance with the requirements of legislation. Where possible and practical to do so, the company will exceed the minimum requirements of the legislation.

Langmead Construction Ltd will seek to ensure that each company with whom it contracts or subcontracts aspires to a similar high standard of health and safety management.

In recognition of the importance that this company places on the engagement and wellbeing of its employees, Langmead Construction Ltd will:

- Consult, on health and safety matters with its operatives and others who may work under its control to ensure that the arrangements for health and safety management are practical to implement and effective
- As far as reasonably practicable, fully and effectively control the health and safety risks arising from its work activities, in co-operation with operatives, other contractors, clients and other relevant parties.
- Ensure that accident and ill health prevention is provided the highest priority and to investigate lapses in health and safety performance and implement remedial actions to prevent, so far as is reasonably practicable, their recurrence.
- Ensure that all plant and equipment owned, used or hired by the company is appropriate, safe to use, properly maintained, inspected and tested.
- Ensure information is available with respect to articles and substances used at work, dealing with conditions and precautions necessary to ensure that, when properly used, transported or stored they present no undue risks to the health and safety.
- Ensure that all working environments are maintained in a safe and healthy condition, including the safe access and egress to and from all working areas.
- This policy will be reviewed at least annually or when there is any change in legislation, company activities, processes or work equipment.
